John,

The Beneficial Use of Regulated Fill General Permit was published in the PA Bulletin for public comment on October 6th, 2018, with a 60-day comment period that ends 12/5/18. The PCB language can be found on page 19 of 23. Here's a link to the General Permit:

The Management of Fill Policy will be published in the PA Bulletin on November 10th with a 60-day comment period that ends 1/8/19. Attached is a copy of the draft policy that contains the PCB language on page 2. Since the policy will not be published until 11/10/18, please do not distribute outside your office.

Let me know your thoughts on whether this language addresses EPA Region 3 concerns related to TSCA/PCBs and if you think we still need an MOA.
